

Home Learning Menu!

6th May - 3rd June

Pick a starter and a main every week. Choose two desserts before 3rd June

Starter:

Practice multiplying by 9x and 11x.

Can you round decimal numberds to nearest whole number?

Memorise your number bonds to 10, 100 and 1000.

Practice your times tables using the time tables game on the website.

Find ten things to measure.

Practice your Roman Numerals. Can you write out all of the Roman Numerals to 100?

Main:

Write a diary entry about a book character from a book you are reading.

Create your own poem (it can be about space or something of your choice!)

Write a diary entry about someting exciting you have been doing!

Make up a rap! You could make a video recording of this!

Create your own story. Use the story mountain to help you.

Dessert:

Make your own planets!

Use a thinking map to describe your religion!

Create a poster about

your religion.

Make a piece of art work about space.

Make a solar system!

Make sure you are enjoying your reading book every day! Don't forget, we will be checking your reading records to see who our star readers are!
